Dear Oliver,

Noted thanks.

Currently enjoying Hong Kong.

I will wait to hear from you and yes, if there is the possibility for two 45 minute lecture slots instead of just one, I will take them up.

Hi Christiana,

Thank you very much for putting this together. I will carefully go through everything and let you know my thoughts. At first glance it looks good. If you need more time, we may have two 45-minute sessions, with a short break in between, to cover as much as we can.

I also wanted to let you know that there's no problem coordinating our event after August 14th. It just so happens we weren't considering the beginning of August anyway.

Thank you again and I will be in touch soon.

Hello Oliver,

Thank you for your patience.

Please find below, my thoughts with regards to my lecture at your event. I can find a common axis to produce a lecture covering a combination of the below topics, though I would most probably need more than just an hour. Alternatively, you can choose some of them or add some others, so that we can work out the final content.

1. Doing business in or *via* Cyprus: convenient location at the crossroads of Europe, Asia and Africa, the vehicle of an EU company and important tax advantages, such

as a low corporate tax, tax exemptions and allowances and dozens of double taxation treaties in force.

2. Buying property or investing in Cyprus for citizenship or permanent residence permit: requirements and benefits
(EU citizenship, free movement of goods, services, capital and persons and Schengen VISA).

3. The data protection and privacy implications of doing business in the EU or offering goods and/or services to the EU market online or otherwise: the EU data protection regime, fines and costs for compliance.

4. Legal aspects of technology start-ups in Europe and beyond.

5. Transacting with EU businesses and conflict of laws: foreign jurisdiction and applicable law and ways to "lock" your own jurisdiction and law.

Looking forward to hearing of your views and/or suggestions.

Dear Oliver,

Thank you for your email and also for your hospitality last weekend in London. It all went smoothly and I am now back in Cyprus. I will send you a draft structure of a suggested presentation for your review by this coming Thursday. Re my availability, I check that already and the only period during which it would be difficult for me to be in Hong Kong is the one between 2-14th August. Please let me know if your event can be arranged around that availability restriction.

Many thanks.

Dear Christiana,

Thank you.
I will get the ball rolling and will be in touch with flight options.
We plan on having the conference during Q3 2019.

Best regards,
Olivier

Hello Christiana,

A Saturday meeting on the 12th sounds excellent.
Could you please send me your passport details, so I can have my assistant (cc'd on this email) take care of all the arrangements (flights, accommodations, etc.). I suggest we meet at 14:00 on the 12th if that works for you.

Looking forward to meeting you,

Best,
Olivier

Hello Olivier,

Back in Cyprus now and have gone through that very hectic day at the office right after an absence.

I had a look at my schedule, and the week starting on the 14th is impossible. I was wondering whether it could be a Sat meeting on the 12th. I could travel to London 11th afternoon (as in the morning 9-11 Cyprus time I am scheduled for another obligation) and leave early on the 13th. Can stay at a Heathrow Hotel so that we can have meeting there and have easy access to airport to come and go.

Alternatively you can come to Cyprus at any of the days before myself flying to Hong Kong and I will of course accommodate seeing you.

When do you plan your conference event?

Hi Christiana,

Thank you for your email.
Could you meet in London on the 11th? Also, I might be available on the week of the 14th if that's more convenient, let me know what works best and I'll ask my assistant to take care of logistics.

Best,

Hi ☺

On the 3rd I am flying back to Cyprus at 9 in the morning so it won't work. I am sure we will eventually sort a meeting or chat out.

Hello Christiana,

Thanks for your email. As it happens, my schedule has changed and I will now be in London on 3rd and 4th January. We could meet there if that's convenient.

Let me know and I will make the necessary arrangements. I will of course take care of your travel and accommodation expenses if needed.

Best,
Olivier

Hello Olivier

Merry Christmas!

I will be in London and Paris from the 27/12 till 3/1.

On Monday 7/1 I have a full calendar at the office so it may be necessary to have a weekend meeting for example Sat at 5/1 enabling me to fly back on Sunday.

Another quicker option is to have a SKYPE chat first which we can pretty much have at any time and take it from there.

Hi Christiana,

What a coincidence! It's a shame as I won't be in HK on those dates unfortunately. I will be travelling to Europe most of January for meetings and events and will be in

Italy between 3-10 January. Should we pencil in a meeting for Thursday 3rd January or Monday 7th? I would of course take care of travel and accommodation expenses. Let me know.

Happy holidays!
Olivier.

Hello Olivier,

Thank you very much for your email. This must be a great coincidence as I will be in Hong Kong from the 22nd to 31st January. I was invited to give three lectures on digital law and e-commerce by the City University of Hong Kong. Will be in Hong Kong during that time? When exactly will you be in Italy?

Please address future emails to [REDACTED] the email of my law firm in Cyprus and to [REDACTED] (my university email) as I may miss emails here.

Dear Ms. Markou,

My name is Olivier Duffet and I am reaching out to you in my capacity as a Partner at ENE Investments, a forward-driven investment group based in Hong-Kong.

Over the past few months we have recognized a growing interest amongst our clients to embark on a substantial investment push in tech companies in the Mediterranean basin. We are currently putting together an investors conference in order to enrich our clients' knowledge on the region.

We are looking for someone who could give a lecture on recent developments in the areas of law, regulation and enforcement in the digital arena and thought that your background and experience would be a great fit.

I happen to be in Italy in January and was hoping we could perhaps meet and discuss this further.

Best regards,

Olivier
